

Advantages of Gold Storage with the Aurum Heaven Community

1. Cost Advantages

- **No Storage Fees** for members.
 - **Immediate Membership Discount** in physical gold upon opening your account.
 - **Stable Pension or Income** through the Unconditional Basic Income (UBI).
-

2. Flexible Availability

- **Global Removal and Payout** possible worldwide.
 - **Free Choice of Jurisdiction for Removal** (Example: Deposit in Germany, removal in Singapore).
 - **Full Mobility of Your Gold** – Access at any time and globally.
 - **Digital Gold Currency** for direct access to your holdings.
-

3. Security & Independence

- **Storage in Bank-Independent High-Security Vaults.**
- **Fully Insured Storage.**
- **Enhanced Discretion** through independent vaults – Protection of your privacy and assets.
- **Control Over Your Wealth** without restrictions imposed by banking regulations.

Aurum Heaven works exclusively with two of Asia's most internationally recognized precious metal houses:

Rotbart & Co. Ltd. (Hong Kong) and **BullionStar Pte. Ltd. (Singapore).**

Both companies are globally renowned for the highest security standards, transparency, and integrity in precious metal management. **Rotbart & Co.** has served family offices and institutional clients for over a decade, while **BullionStar** enjoys global trust through publicly audited storage reports and a particularly secure vaulting system. Thus, all Aurum Heaven members benefit from a combination of professional integrity and international security.

4. Crisis Protection

- **Protection against Bank Insolvency**, financial crises, and restrictions on banking traffic.
 - **Availability Outside the Banking Sector** – Access remains possible even in the event of banking disruptions or regional crises.
 - **Geographical Diversification**: Selection of international storage locations – Spreading of political and economic risks.
 - **Geopolitical Hedging**: Storage via Rotbart & BullionStar in Hong Kong and Singapore provides additional geopolitical security – two jurisdictions with stable economies, solid legislation, and high political neutrality.
-

5. Discretion & Freedom

- **Maximum Confidentiality** for storage outside the EU.
- **Independence from Banking Risks** – No dependency on bank liquidity, insolvency, or regulation.
